OFFICE OF THE DIRECTOR OF CENTRAL INTELLIGENCE

TO: The Director  
FROM: GACarver, Jr.  
SUBJECT:

REMARKS:

The attached musings were prompted by reading (in this morning's TIMES) one Reston article too many. As you can see, it was drafted for informal passage to Henry -- with whom I think my personal relations are sufficiently good for this to be taken solely in the spirit in which it is offered. I will obviously refrain from doing this, however, if you have reservations or contrary thoughts.
